1 Introduction

Workpackage 2 (WP2) deals with the development of training activities and materials to enhance training capabilities and knowledge of Jordan Universities and industries staff. It includes the implementation, development and validation of 6 training courses held in EU partner institutions, the design, development and validation of 3 e-learning courses and their setting in the FOODQA e-learning platform.

Main focus of the training activities and materials is food safety and quality management.

The Deliverable D2.3. deals with the validation of the training courses, i.e. the actual organisation aspects, participants, results of the self-assessment and the evaluation (by the trainees) of the overall training.

The trainings were organised as reported in the table below:

TASK/topic leader	Where (town/country)	Training modules	Teaching hours	Time (2018)
P&B	Portugal (PT)	Food safety management systems	32	22-26 Jan
UNITE	Teramo (IT)	Food safety hazards	16	29 Jan-2 Feb
		Cleaning and disinfection	16	29 Jan-2 Feb
AUA	Athens (GR)	Quality management systems	20	16-18 Apr
CRE.THI.DEV.		Quality management tools	20	18-20 April
UNIST	Split (KR)	Personnel Hygiene	4	11-12 Sept
UNIST	Split (KR)	Design and construction of food premises	16	11-12 Sept
UNIST	Split (KR)	Pest control	12	11-12 Sept

Based on the contents of the syllabus, P&B organised a 1-week training (32 h) in Porto for the “Food safety management systems”; at Teramo (IT), the University of Teramo (UNITE) organized a 1-week training (overall

D2.3 - Validation of the educational dossiers and contents for the 8 in-room training courses-pilot training courses (32 h) on Food safety hazards and “Cleaning and Disinfection”; in Athens (GR) AUA and CRE.THI.DEV. managed to organized in one week-time (6 days, 40 h) the training on “Quality management systems” and “Quality management tools”; finally the University of Split organised the “Personnel Hygiene”, “Design and construction of food premises” and “Pest control” trainings.

Each course adopted various teaching methodologies including face-to-face classes, practical activities and visits in food companies to evaluate practical application examples of the theoretical aspects presented in the classes.

Trainees received paper copies of all training material as well as the e-files where available.

In attach to this document as Annexes the complete reports of the training as follows:

- Annex 1. “Food safety management systems” (P&B, Portugal);
- Annex 2. “Food safety hazards” and “Cleaning and Disinfection” (University of Teramo, Italy)
- Annex 3. “Quality management systems” and “Quality management tools” (AUA and CRE.THI.DEV., Greece)
- Annex 4. “Personnel Hygiene”, “Design and construction of food premises” and “Pest control” (University of Split, Kroatia)

2 Comments and conclusions

The eight trainings planned in the project have been carried out with a high success rate by the participants that overall evaluated positively the experiences thanks to the improved knowledge, expertise. The interaction also with the local organisers by the trainees of the Jordan Universities and partners was also considered equally valuable and important in view of future collaborations.
